- Qualified web traffic
- Email marketing campaigns
- Featured resort e-blasts
- 200+ affiliate marketing partnerships
- Cooperative advertising opportunities
- CRM database
- Social media channels
 - Facebook, Twitter, LinkedIn, and blogs

2. Utilize Yield Management & Dynamic Pricing

Yield management is a dynamic pricing strategy, based on understanding, anticipating and influencing skier behavior in order to maximize revenue and profits from a perishable resource (such as lift tickets, equipment rentals and ski lessons)!

Utilize our team to sell your ski products at:

The Right Time

- Set limited quantities of tickets to be sold
- Schedule time sensitive deals
- Create a sense of urgency

The Right Price

Based on

- Snow conditions
- Peak and off-peak seasons
- Mid-week slowdown
- Regional competition

The Right Customer

- Motivated, Targeted, and Passionate
- Knows in advance when and where he/she is skiing/riding.

3. Utilize Our Group Lift Ticket platform

Gone are the days of faxing and emailing group reservations. Our technology allows Group Leaders to book their tickets online in one easy to use marketplace. Grow your groups this season by using our platform.

We have a database of **2,500 ski clubs** around the World which include **4,500 group leader** contacts! We also market your products to Meetup.com, church groups, school groups, corporate retreats and family reunions.

Here's an example of the power of Meetup.com and other similar entities.
